

Ideal for residential and general purpose smoke detection in most areas.

The DET-BS04 is a battery operated Smoke Detector equipped with optical sensor, designed to alert the occupants in the premises to the dangers of smoke and fire.

Features :-

- Ease of Installation with Mounting Plate included
- Using Standard 9V Battery
- Low Battery warning signal
- 'Red' Alarm flashing LED Indicator
- Test Button for checking
- Loud 85db Alarm Sounder
- In Compliance to EN14604 Standard
- Manufactured under ISO 9001 : 2008 Quality Management System

Technical Specification :-	
Power Source	9V Battery
Operating Current	10uA
Alarm Current	< 50mA
Audio Alarm	85db @ 3m
Operating Temperature Range	-10°C to 50°C
Smoke Sensor	Optical Type
Detector Dimension	Ø109mm x 35mm ht.
Box Size for Each Detector	106mm x 105mm x 46mm
Weight (Including battery)	190g

DO NOT INSTALL IN AREAS LIKELY TO HAVE EXPOSURE TO SMOKE, DUST OR EXTREME HEAT DURING NORMAL CONDITION
